

Frankston Business Chamber

It's on again! Get to know your neighbours...get ready to grow your business!

After the outstanding success of the previous Trade Expo Events, Frankston Business Chamber is proud to present the Carrum Downs & Seaford, Business to Business Trade Expo & Networking Night for 2010.

Initially begun as a way for the businesses of the ever expanding Carrum Downs industrial precinct to meet and showcase the wide variety of goods and services that are present in the local area. It has now expanded to include Seaford. Businesses on display will include all facets of industrial business and related services from manufacture to finance, packaging to communication products, storage to training & recruitment.

Networking with your neighbours is the best way to improve your business with the possibility to increase sales leads and meet new customers, meet new local suppliers, talk to future clients in a friendly environment, develop relationships for referrals, promote your products and services and meet with Frankston Council and Frankston Business Chamber representatives.

Entry is free and any local business person is welcome to register to attend or for a small fee you can display your business at the event but spaces are extremely limited and priority is given to businesses from our local industrial precincts.

Don't miss this exciting opportunity on 16th March, 5-7pm, Arjay Packaging, 21 Lakewood Blvd, Carrum Downs.
For more information call Allison at the Frankston Business Chamber on 9781 1422 or go to www.frankstonchamber.com.au to download your registration form.
If your business wishes to have an exhibition stand you will need to register by Friday 26th February.
We look forward to seeing you there!
